

MUF100C

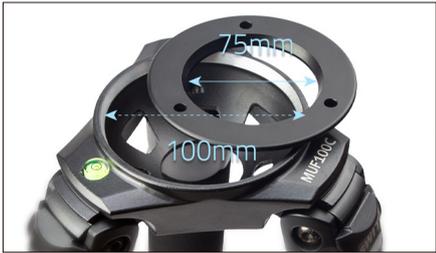

Carbon Fiber Travel Tripod

A Carbon Fiber light weight travel tripod with smooth fluid head of 10kg load, 3-sections, 40-170cm height.

10kg Load Fluid Head

MUF100C tripod comes with a 10kg load fluid head to allow smooth 360° pan, -75°~+90° tilt angle motion, with 1/4" and 3/8" screw bolts.

75mm/100mm Bowl Size Transfer

The tripod head is 75mm bowl diameter. You can also disassemble the 75mm transfer plate to fit more 100mm diameter heads.

8-Layer Tubular Carbon Fiber

High intensity carbon fiber of 8-layer tubular construction, only 4.36kg weight, 15% less weight comparing to aluminium alloy.

Ergonomic Buckles

Release the buckle you can quickly adjust the leg angle from 25°, 50°, 75°.

Low Angle Shooting

Material	Section	Height	Head Model	Bowl ϕ	Load	Tube ϕ	Tube Thickness	Weight
Carbon Fiber	3	40cm-170cm	TH100	75mm/100mm	10kg	Max 39mm	1.2mm	4.3kg
